What does the fund invest in?

The fund invests primarily in mutual funds and exchange-traded funds, allocated to a target asset mix weight that will generally provide exposure to 90% equity securities and 10% fixed income securities. The fund implements a currency hedging strategy to reduce its exposure to non-U.S. dollar currency.

The charts below give you a snapshot of the fund's investments on April 30, 2024. The fund's investments will change.

TOP 10 INVESTMENTS (as at April 30, 2024)

International Bond Mutual Funds	7.0%
Canadian Bond Mutual Funds	2.5%
Forward & Spot Contracts	0.7%
Cash	-0.2%

How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

CIBC has rated the volatility of this fund as **Medium**.

This rating is based on how much the fund's returns have changed from year to year. It does not tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

Low	Low to Medium	Medium	Medium to High	High
-----	---------------	---------------	----------------	------

For more information about the risk rating and specific risks that can affect the fund's returns, see the sections entitled "Investment Risk Classification Methodology" and "What are the Risks of Investing in the Fund?" in the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund does not have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Class T6 units of the fund have performed over the past 10 years. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

YEAR-BY-YEAR RETURNS

This chart would generally show how Class T6 units of the fund performed in each of the past 10 calendar years. However, year-by-year returns for Class T6 units of the fund have not been presented for 2014 because there were no Class T6 units outstanding at any time during that calendar year. Year-by-year returns for Class T6 units of the fund have not been presented for 2015 because Class T6 units were not outstanding for a full calendar year. Class T6 units dropped in value in 2 of the 8 years shown. The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.

BEST AND WORST 3-MONTH RETURNS

This table would generally show the best and worst return for Class T6 units of the fund in a 3-month period over the past 10 calendar years. However, the best and worst 3-month returns are only being presented for the years 2016 to 2023 because Class T6 units were not outstanding for a full calendar year for 2015 and no units were outstanding at any time during the 2014 calendar year. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ending	If you invested \$1,000 at the beginning of the period
Best return	14.7%	June 30, 2020	Your investment would rise to \$1,147
Worst return	-16.7%	March 31, 2020	Your investment would drop to \$833

AVERAGE RETURN

The annual compound return of Class T6 units of the fund has not been presented because Class T6 units have not been outstanding continuously over the past 10 years.

Who is this fund for?

Investors who:

- are seeking diversification by having some exposure to the U.S. dollar;
- are seeking long-term capital growth with a secondary focus on modest income generation; and
- are investing for the long term.

You must use U.S. dollars to buy this fund.

A word about tax

In general, you will have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan such as a Registered Retirement Savings Plan (RRSP) or a Tax-Free Savings Account (TFSA).

Keep in mind that if you hold your fund in a non-registered plan, fund distributions are included in your taxable income, whether you receive them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own, and sell Class T6 units of the fund. The fees and expenses - including any commissions - can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. SALES CHARGES

There are no sales charges payable when you buy, switch, or sell units of the fund through CIBC Securities Inc. or CIBC Investor Services Inc. You may pay sales charges if you purchase units of the fund through another firm.

2. FUND EXPENSES

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

As at December 31, 2023, the expenses for Class T6 units of the fund were 2.65% of its value. This equals \$26.50 for every \$1,000 invested.

	Annual rate (as a % of the fund's value)
Management expense ratio (MER) This is the total of the fund's management fee (including the trailing commission), fixed administration fee, and any operating expenses not covered by the fixed administration fee (fund costs) for Class T6 units of the fund. CIBC waived or absorbed some of the fund's expenses. If it had not done so, the MER would have been higher.	2.60%
Trading expense ratio (TER) These are the fund's trading costs.	0.05%
Fund expenses	2.65%

More about the trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and advice that your representative and their firm provide to you.

CIBC pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment.

For Class T6 units, a trailing commission of 0% to 1.00% of the value of your investment each year (\$0.00 to \$10.00 each year on every \$1,000 invested) is paid from the management fee.

3. OTHER FEES

You may have to pay other fees when you buy, hold, sell, switch, or convert units of the fund.

Fee	What you pay
Short-term trading fee	Up to 2% of the value of units you sell or switch within 30 days of buying them. This fee goes to the fund.
Switch fee	If you sell units of the fund to buy units of another fund, you may pay a switch fee of up to 2% of the value of units you switch through a representative's firm other than CIBC Securities Inc. or CIBC Investor Services Inc. This fee goes to your representative's firm.
Conversion fee	If you convert units of the fund to another class of units of the same fund, you may pay a conversion fee of up to 2% of the value of units you convert through a representative's firm other than CIBC Securities Inc. or CIBC Investor Services Inc. This fee goes to your representative's firm.

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document, or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

For more information

Contact CIBC or your representative for a copy of the fund's simplified prospectus and other disclosure documents. These documents and the Fund Facts make up the fund's legal documents.
