## CIBC ASSET MANAGEMENT INC. ANNOUNCES TWO NEW FIXED INCOME SOLUTIONS

CIBC Asset Management Inc. today announced the launch of two new fixed income solutions, managed by PIMCO Canada Corp. (PIMCO).

Through our sub-advisory partnership with PIMCO, we are providing clients with access to the fixed income exposures they need to build and protect their wealth regardless of shifting market conditions.

To accommodate the risk and reward preferences of individual investors, there are two solutions available:

**CIBC Diversified Fixed Income Fund:** Is an option for income-oriented investors who are seeking a bond investment that offers the potential for a consistent stream of income with an emphasis on high-quality fixed income securities. The fund will primarily invest in units of an underlying fund, the PIMCO Monthly Income Fund (Canada) managed by PIMCO. The underlying fund's multi-sector approach allows it to seek out the best income-generating ideas in any given market climate, targeting multiple sources of income from a global opportunity set.

**CIBC Global Credit Fund:** Is an option for investors seeking to take advantage of global bond opportunities that may provide an incremental yield advantage over developed market government bonds. These sectors include primarily investment grade credit, high yield and emerging market bonds, as well as other credit sectors appearing to offer relative value.

With the aim to further balance risk and reward for the long-term success of our investors, we are proud to announce the addition of the **CIBC Global Credit Fund** as a fulfilment fund within certain of our existing investment solutions:

- [CIBC Core Fixed Income Pool](#)
- [CIBC Core Plus Fixed Income Pool](#)
